MINES AND RAILROADS

Government Ownership Urged by Delegates to the Mine Workers' Meet.

RESOLUTION AIED TO THIS EFFECT.

Whole Matter Finally Referred Back to Committee—Kentucky Would Be an Independent District. Other Proceedings.

Indianapolis, Jan. 22.—After President Mitchell opened the miners' convention, the credentials committee was called on and its chairman read the report which stated practically all of the delegates. Delegates from unions that are in arrears on assessments were seated on pledge that they would have their unions pay up. The auditing committee made its report, which was generally covered by the report made Tuesday by Secretary-Treasurer W. B. Wilson, and by other officers.

A resolution of sympathy and support for the boot and shoe workers of Lynn, Mass., who are out on strike, was passed. A resolution from Kentucky favored separating that state and forming it into a separate independent district. It was referred to the executive committee.

Then there came a clash between the conservative and socialist factions. It originated in a resolution from a local union favoring an expression of government ownership of coal mines and railroads. A motion on the part of the conservatives to table it brought on a long discussion, and many of the leaders of the two factions were heard. The socialist faction based their arguments on the anthracite strike and the combination of coal companies and railroads and that a tendency not to treat with miners, "according to the laws of man or God" made it necessary for the government to take such action. Delegate Walker of Illinois said that the coal companies and railroads were now in a combination injurious to the interests of the people and were holding back coal to boost prices. Delegate Lusk of West Virginia also charged heartless attitude of coal operators and railroads to not only the miners, but to the people. The controversy was finally ended for the time on a motion of Chris Evans of Ohio to refer the matter back to the committee.

The initiative and referendum again came up, but it was tabled on the suggestion of Delegate Ryan of Illinois, who said the question meant an interminable political squabble. The co-operative store matter was also again brought before the convention, but it was the opinion of a majority of the delegates that the miners, as a union, should not indorse the co-operative plan.

STRIKE COMMISSION.

A Statement of Mitchell Challenged. Counsel's Reply.

Philadelphia, Jan. 22.—Thomas Thomas, a district superintendent of the Lehigh Valley Coal company, was the first witness called before the coal strike commission. Mr. Thomas stated that prior to the strike of 1900, the company had no difficulty in getting the contract miners to produce extra cars of coal, when necessary to meet the demand. After the strike, he said, the company was unable to get the men to load more than a certain number of cars each day.

At one point, Counsel Torrey of the Delaware and Hudson company, challenged Mr. Mitchell's statement that 3,000 miners were idle in the anthracite region. He had investigated the statement and said Mr. Mitchell could not produce 10 per cent of the number. Counsel for the miners said if Mr. Mitchell's statements were irresponsible, it was "due to his association with Baer and Markle." These men, counsel said, made statements to the president of the United States that "were absolutely false—extremely and inexcusably false." Continuing, he said that before the commission adjourns he would "show that the companies and not the miners are guilty of restricting the output. If I do not," he exclaimed, "I will go back to Chicago and ask the commission to find against us."

Concession to Americans.

Seattle, Wash., Jan. 22.—The right of Americans to prospect for gold and other minerals in eastern Siberia has been granted. Within the area of 200,000 square miles bordering on Bering sea and the Arctic ocean given as a mining, trading and development concession to the Northwestern Siberia company, the same privileges have been extended to the American prospector as to the Russians. The news of this concession on the part of the company has been received here in a cablegram from John Rosine of this city, the American manager of the corporation.

A Chesapeake and Ohio official at Cincinnati said that the company is handling all freight, and that there is no embargo against freight from connecting lines.

The cases of Watt and Charles Harmon, charged with conspiracy to kill, come up at the present term of the Lewis Circuit Court. They participated in the fight which resulted in the murder of Storekeeper Newton Howland, at Quincy, a year ago. Florence Hensley, the principal, is now serving a term of ten years in the penitentiary.

The yards of most all the railroads entering Cincinnati are in a pretty badly congested condition, due to the heavy traffic in part, but more particularly to the fact that many connecting lines have given notice that they will not receive any freight but live stock and perishable goods. This has caused loaded cars to accumulate at that point. The C., H. and D. now has 800 cars in its yards at Ivorydale, and some of the other yards are about as badly congested.

The Captain Taylor, who with fifteen men was killed by the Indians in 1858 in Idaho, as mentioned in Wednesday's Enquirer, in its account of the war record of Colonel Phil. Deitch, Chief of Police of that city, was the husband of the late Mrs. Catharine Dewees Taylor, formerly of this city, who died a few years since at Cincinnati. Chief Deitch and Captain Taylor were in the same regiment, the Fourth Infantry, commanded by Phil. Sheridan.

Judge Horatio W. Bruce, a distinguished attorney and member of the Confederate Congress from Kentucky, died Thursday morning at his home in Louisville. He was born near Vanceburg and spent his early life there and at Flemingsburg. For several years he had been Chief Counsel for the L. and N. Railroad Company. His wife, who survives him, is a daughter of Gov. Helm. Judge Bruce was at one time Commonwealth's Attorney of this district.

A man who had had three large cancers removed by a specialist at Greenville near Wheeling, passed through the city today, after staying at Washington last night, on his way to the home of a son near Vanceburg. One of the cancers was as large as a pear and of that shape, and was pronounced a very malignant type. The others also were large and greatly inflamed. He appeared cheerful, and thought he was permanently benefited. He had been at Washington about a year ago.

One million five hundred thousand converts have been made by the Methodist Episcopal Church during the four years of the twentieth century thank offering movement. This is the spiritual accomplishment to be placed in church annals alongside of the \$20,000,000 for benevolences raised through the same movement. This announcement was made in Northwestern Christian Advocate of Chicago this week, the finding being based on the reports of probationers admitted to the church.

Received a Fatal Blow.

Scituate, R. I., Jan. 22.—Eugene McCarthy, the "school boy pugilist," of New York, died from the effect of a blow received in a bout here with Hugh Murphy, also of New York. McCarthy received the blow in the 15th round. It was on the body, but the youth fell and his head struck the floor with great force. He became unconscious and all efforts to revive him were futile. McCarthy was 18 years of age and was a pupil at a New York high school.

STROOK A FREIGHT.

Passenger Train Plunges Into a Siding and Is Consumed.

Kansas City, Jan. 22.—Northbound express No. 104 on the St. Louis and San Francisco railroad, was wrecked four miles south of South Greenfield, Mo. The entire train, consisting of baggage car, mail car, smoker and common coach, chair car and one sleeper, left the track, caught fire and was consumed. Fred Fisher of Fort Scott, the engineer, was killed instantly; Fireman Ed Gilbert of Fort Scott was seriously hurt, and several passengers injured. A wrecking train carrying physicians left for the scene from Springfield, which is 35 miles south of South Greenfield.

The wreck occurred just off a trestle and at a sharp curve, while the train was running at a high rate of speed. The switch had been set deliberately for the side track and the lights had been turned to indicate a clear track. It evidently was the work either of train robbers or of persons maliciously inclined. A freight train was standing on the siding and before the passenger engineer saw the open switch, his train had passed through it and crashed into the freight.

TO BE INVESTIGATED.

National House Takes Action on the Lesser Bribery Charges.

COMMITTEE EMPOWERED TO PROCEED

Amendments Attached to the Philippine Tariff Bill—Statehood Bill to the Fore—Proceedings of Congress.

Washington, Jan. 22.—Immediately after the house convened, the members of the committee on naval affairs, who have been investigating the Lesser bribery charges, filed into the house and Mr. Foss (Ill.), chairman of the committee, was immediately recognized to offer a resolution to order a full investigation of the charges.

The resolution was as follows. "Whereas, Information has come to the committee on naval affairs, through a member of said committee, of an attempt to corruptly influence his action respecting proposed legislation pending before said committee and the house. Resolved, that the committee on naval affairs, or such subcommittee thereof as said committee may appoint, be and it is hereby authorized and directed to fully investigate said matter."

Mr. Richardson (Tenn.) interposed to suggest that the charges were vague and indefinite. No names were given and he said it seemed to him that something more definite should be vouchsafed the house. Still, he said, he would not insist if the committee were satisfied. "Ask for the name," cried Mr. Sulzer (N. Y.) from his place in a side aisle. Mr. Wheeler (Ky.) assured Mr. Richardson that the minority of the committee were satisfied, whereupon the latter yielded and the resolution was unanimously adopted.

It is alleged that Representative Lesser of New York, one of the members of the naval committee, was approached with a bribe of \$5,000 for his support of a proposition looking to an appropriation for additional submarine torpedo boats. This charge the committee will investigate.

The house then proceeded with the Philippine coinage bill.

In the course of the debate, Mr. Hill (Conn.) made the important statement that Secretary Shaw had informed him that a Mexican gentleman was now in the city, in the interest of an arrangement by which Mexico could adopt a currency system uniform and interchangeable with that of the United States.

In the Senate.

Washington, Jan. 22.—Upon the conclusion of routine business in the senate, Mr. Fairbanks announced that after the conference with Mr. Quay he would not call up the immigration bill as he had intended. The statehood bill then was taken up on motion of Mr. Quay.

Mr. Quay yielded to permit the passage of a bill to authorize the president to appoint Brigadier General B. C. Merriam, United States army, retired, to the grade of major general on the retired list. A bill also was passed providing for additional terms of court in the western judicial district of South Carolina.

Mr. Burnham then resumed his remarks in opposition to the omnibus statehood bill.

Senators Foraker and Hanna are on different sides of the Quay fight for the statehood bill as developed in the vote demanded by Senator Cullom for an executive session of the body to consider the reciprocity treaty. Mr. Quay refused to permit an executive session until his statehood bill had been considered and a vote was taken on the motion to go into executive session. The result was a victory for Senators Quay and Foraker, the senate refusing to go into executive session. Senator Hanna voted with the minority.

Philippine Tariff Amended.

Washington, Jan. 22.—The senate committee on the Philippines authorized a favorable report on the Philippine tariff bill, which recently passed the house, but with important amendments. The house bill carried a uniform reduction of the tariff on Philippine goods imported to the United States, making the rate only 25 per cent of the rates imposed by the Dingley law. The senate committee amended the bill so as to provide for the admission of all Philippine produced articles free of duty except sugar and tobacco, and on these two commodities fixed the tariff at 50 per cent of the Dingley schedules.

Santiago, Chile, Jan. 22.—The Chilean congress has approved the bill authorizing the government to invite tenders for the construction of a trans-Andine railroad on the basis of a guarantee of five per cent interest in the cost of the work.

MAYSVILLE'S ALL RIGHT.

That's Verdict of Our Augusta Neighbors. Pleased With Board of Trade's Visit to Their Tobacco Fair.

The Augusta Chronicle, in its account of the recent tobacco fair at that place, has the following complimentary reference to the visit of the delegation from this city: "What's the matter with Maysville? She's all right! Over a hundred of her representative citizens chaperoned by Col. John I. Winter and Harry C. Curran, with their own band made things lively to a degree. Our Maysville friends certainly did the right thing by us, and have shown that they want to be neighbors. Their visit was highly appreciated by our people; and Augustians will certainly reciprocate when Maysville holds her big tobacco fair on Saturday, February 21st. Such friendly exchanges of a social nature can only redound to the good of neighbors."

"The Maysville Band favored the Chronicle office with two choice selections Saturday afternoon. Although it is a comparatively new organization they play well. They are an exceedingly pleasant lot of boys."

Following is a list of premiums awarded at Augusta:

Cigarette—First premium \$40, Jesse Thomas, Dover; second premium \$25, Wm. Brooks, Dover; third premium \$10, J. Herman, Dover. [The samples were auctioned off and brought 44 cents per pound.]

Bright Leaf—First premium \$30, Neal Dwyer, Bracken County; second premium \$20, J. Herman, Dover; third premium \$10, Jesse Thomas, [Bright leaf sold at auction for 32 cents.]

Red Leaf—First premium \$30, Neal Dwyer, Bracken County; second premium \$20, Wm. Grainger, Bracken County; third premium \$10; Darius McGraw, Dover. [The samples were sold for \$20.50 per hundred.]

Trash—First premium \$15, Fred Schiltz, Mason County; second premium \$10, William Grainger, Bracken County; third premium \$5, Benton Clark, Bracken County. [The samples of trash brought 12 1/2 cents.]

UNLAWFUL COMBINATION

And Restriction of Trade Charged Against Louisville Tobacco Exchange and Others in Suits for Damages.

At Louisville Wednesday the Home Tobacco Company recently organized filed two suits against the Louisville Leaf Tobacco Exchange, the Louisville Tobacco Warehouse Company and members of the two organizations. In one suit an injunction is sought; in the other judgment is asked for \$35,000 damages. In both petitions, it is alleged that the defendants have formed an unlawful combination in restriction of trade and have boycotted the plaintiff.

The petitions further charge that T. M. Averitt, J. W. Marks, J. L. Laffen and J. J. Whitman, Public Inspectors and Samplers of Leaf Tobacco handled in the local market, are "unlawfully dominated and controlled by the unlawful conspirators, and refuse, at the direction of the Louisville Tobacco Warehouse Company, to inspect or sample any of the leaf other than that consigned to the members of the trust."

It is charged that nearly all of the buyers in the Louisville market are intimidated and prevented from attending the sales at the Home warehouse by the Louisville Leaf Tobacco Exchange and the Louisville Tobacco Warehouse.

In addition to the Louisville Leaf Tobacco Exchange and the Louisville Tobacco Warehouse Company the individual members are made defendants.

River News.

The Queen City is due down this evening from Pittsburgh.

Sanford Doty, a pioneer riverman, died Thursday at Cincinnati.

The Conrier arrived and departed on good time this morning.

The ice is fast thinning out and interferes but little with navigation now.

Captain Amos Davis, formerly on the Sherley, died this week at Martin's Ferry.

The Queen City Marine Ways filed suit Thursday at Cincinnati against the Helen M. Gould to secure a balance of \$372 73 for repairs. The intervening petitioner, Samuel L. Parsons, of Point Pleasant, O., holds a mortgage on the boat amounting to \$11,500, payable in twenty-five notes of \$500 each, two only of which have been paid.

Powers' and Howard's Anxiety Over Youtsey's Confession.

[Georgetown News.]

Caleb Powers and Jim Howard are very much worked up over the testifying of Henry Youtsey before the Franklin County grand jury. Powers and Howard sent out from the jail Sunday to secure a copy of every daily paper that comes to Georgetown. What Youtsey has told is sufficient.

CAPITOL AN ARSENAL.

Force of Armed Men Now Patrol the Colorado Legislative Halls.

LAVISH DISPLAY OF BARKERS MADE.

Two Senates In Session and No Progress Made Toward a Settlement. Alleged Unfaithfulness to Senator Teller.

Denver, Jan. 22.—The capitol has a warlike aspect owing to the presence of armed men in the house chamber and of a strong guard of policemen in plain clothes at all entrances to the senate chamber. An unfounded report that the national guard, under orders from Governor Peabody, had taken possession of the state house, probably had its origin in the fact that house Sergeant-at-Arms Plummer had posted 30 guards in and about the house chamber to resist an anticipated attempt of the supporters of Edward O. Wolcott, Republican candidate for senator, to capture the hall. On every desk is a pair of big revolvers and in the corners stand many repeating shotguns. These guards are commanded by Sherman Bell of Rough Rider fame, and James H. Clark, who is noted for his fighting prowess. The house has adjourned until Friday, but the anti-Wolcott Republicans in control of the organization, will maintain their garrison until the fear of an anticipated raid has passed. At the senate chamber no display of weapons is made. The guards are all officers and patrol their stations quietly.

The two senates, each of which refers to the other as the "rump," were in session and no progress appears to have been made toward a settlement of the differences between them. The body over which Lieutenant Governor Haggott presides, and which sits in his office, consists of 11 regularly elected Republican senators and eight Republican contestants, who were declared entitled to seats by the lieutenant governor and the 11 Republican senators, the 24 Democratic senators refusing to vote when the question was put by the lieutenant governor. The body which is holding the senate hall in the capitol sitting continuously, consists of 24 regularly elected Democratic senators and two contestants, who were seated in place of two of the 11 regularly elected Republicans.

Unfaithfulness to Teller.

Denver, Jan. 22.—Considerable criticism is heard among the friends of Senator Henry M. Teller, of the action of the six Democrats in refusing to vote for a United States senator in the joint session of the Democratic members of the senate and house. Although it is questioned if a choice made at the session would have been legal, inasmuch as the house had already adjourned over until Friday and only Democratic members joined with the senate in joint session, yet, there are those who claim that had the entire house members present at the joint session voted for Teller, as they were pledged to do, he would have been entitled to a certificate of election and the seat in senate as his own successor. Charges of unfaithfulness to Teller and the Democratic state platform are freely made against certain leaders and in printed statements.

Wants Absolute Divorce.

New York, Jan. 22.—An action for absolute divorce has been instituted by Mrs. James Lindsay Gordon, against her husband, formerly an assistant district attorney of this city. Mr. Gordon denies the charges made against him. He is a son of George L. Gordon, and a grandson of General William F. Gordon, who represented Virginia in congress for several years. Mr. Gordon has himself served as a member of the Virginia state senate. Mrs. Gordon is a daughter of a wealthy Philadelphia manufacturer.

American Consul Sick.

Paris, Jan. 22.—Consul General Gody has received a dispatch from the United States consul at Nice saying that Hubbard T. Smith, the vice and deputy consul general of the United States at Cairo was taken ill at Genoa and is now in a hospital there. This information causes considerable uneasiness as Mr. Smith was seriously ill at Cairo and was granted leave to go to Nice for recuperation. It is presumed he suffered a relapse while on his way to Nice.

Chicago, Jan. 22.—Nathan Rankins and George Sherman, who are wanted in South Bend, Ind., for the murder of John M. Koonsman on Dec. 15, were arrested here. The men, accompanied by Joseph Mallory, entered the grocery store of Koonsman, it is alleged, for the purpose of robbery. Koonsman resisted and was instantly killed. Mallory is still a fugitive.

To ALL intents and purposes the present Mr. Youtey isn't the same Youtey who was on trial a short while ago. His case then and now appears to be patterned something after the order of the famous case of "Dr. Jekyll and Mr. Hyde."

A REMINISCENCE.

The unjoined paragraph is an extract from a sermon preached by Dr. Nowlin upon the subject of "Divorce," and published in the Lexington Herald of recent date. The reference to the "millionaire" recalls a shameless episode in the legislative history of a great Southern Commonwealth. The "outrage" was not so far south as Florida, nor was it very savagely denounced by the local press:

There is one and only one scriptural cause for divorce. It is sometimes hard to confine the causes for divorce to this one ground, yet this is the only scriptural ground. A minister should never marry a person that has been divorced on any ground other than the scriptural. I have in mind now the case of a millionaire who, it is alleged, bribed a legislature at a cost of \$100,000 to pass a law that he might secure a divorce on the ground of insanity from his wife, whom he had promised to be faithful to until death and who was in no way responsible for her condition. Divorces not secured on scriptural grounds should not be recognized by the churches.

STATE PRISONS.

Excellent Showing Made in Annual Report of the Commissioners.

Wages Paid For Convict Labor Higher Than Ever Before—Statistics as to Number of Prisoners.

The fifth annual report of the State Prison Commission, made to Gov. Beckham this week, shows the result of the operation of the two State prisons for the year beginning December 1, 1901, and ending November 30, 1902, to have been successful in every way. There are now under contract 650 men to the Frankfort Chair Company at 40 cents per day; 400 to the Frankfort Shoe Manufacturing Company at 40 cents per day; 150 to the Eddyville Collar Company at 40 cents per day; 150 to the Kentucky Shoe Manufacturing Company at 42 cents per day; 70 to the Louisville Broom Works at 35 cents per day; 50 to the Kentucky Foundry Company at 50 cents per day; a total of 1,470 under contract in both penitentiaries. On January 1 the contract price for the men employed by the Frankfort Shoe Company was increased to 50 cents, the largest price ever paid for convict labor.

The report of the clerk of the main prison shows for the year a deficit of \$3,584.18. Taking, however, as in former reports, permanent improvements made, amounting to \$5,296.86 for merchandise, and \$1,952.50 for labor in making the improvements, it will be seen that the Frankfort penitentiary has a clear profit of \$3,665.18. That more profit is not shown is due to the high prices of all articles needed for prison maintenance.

The report of the Eddyville prison shows a deficit of \$18,475, a decrease compared with that of last year of \$69,011. Taking into consideration purchases for permanent repairs and improvements amounting to \$8,090.50, reduces the deficit to \$10,384.50, the lowest in the history of the prison.

Since the parole law became effective, 138 prisoners have been released under its provisions, and, with a single exception, all have lived up to its requirements since leaving the prison.

The report of Warden Lillard, of the Frankfort prison, shows there are confined 1,275 persons. During the year 612 prisoners were received, 572 were released, twenty-five died, three were transferred to the insane asylum, fifty-five were paroled and sixty-five were pardoned.

The report of Warden Henry Hagerman, of the branch prison at Eddyville, makes recommendation for new cell room. He has 549 prisoners and only 414 cells to confine them. During the year 205 prisoners were received, forty-nine were discharged, twenty-two were paroled, eight died and seventeen pardoned.

Dress Stuffs!

\$21 to \$5 buys a dress pattern that a fortnight ago would have cost \$5 to \$10. Not to wool Dress Goods are reductions confined—silks have also been sheared of all profit. Never a better time to buy a dress, waist or skirt. Perhaps some neighbor has availed of this sale—ask her opinion of our January bargains—we know her answer will bring you here.

Furs-One Half

The offer can be made in a dozen words. Every fur piece in the store at a reduction of one-half from the marked figures. Owing to the warm fall we marked furs early in December at the lowest prices ever known in the store's history—and from these lowest of low prices we again clip one-half.

D. HUNT & SON

A BARGAIN....

Is only a bargain when it is a worth-while article at less than usual price. Last winter's coats would not be cheap to smart dressers at any price.

Every Wrap

In our stock is correctly fashioned and was made for the winter of 1902-3. We didn't carry one coat over from last year. We emphasize this point because it is difficult for anyone to grasp the extraordinary values we are giving in the coat department. You think old-fashioned garments are only possible at such prices. Don't waste time over that fallacy when a glance will instantly confirm every detail of our statement.

COFFEES, Green and Roasted,

—OF ALL GRADES—

Finest Teas, new crop just out of bond. No 10-cent war tax on them now, so can give much finer goods for same money than heretofore. I can please you. My fine Blended Coffees are becoming more popular every day. I buy them in large quantities green and have them roasted every week. Always fresh. 15c., 20c. and 25c. Per Pound. You pay much more other places.

Perfection Flour

Is the most popular flour on the market to-day because it is the best. If you want good goods—and you can't afford to buy anything else—I want your trade; and I think I ought to have it. I will deal fairly with you at all times, and if anything goes to any of my customers that is not right I am always ready to make it right. I want country people when in our city to make my house headquarters. I am always glad to have you. My holiday business was immense, for which I want to return my thanks to the good people that favored me with their trade. I want to retain your trade, and shall work hard to that end.

THE BEE HIVE

It's No Wonder!

That the people are coming here by the thousands. Monday was a record-breaking day for us, and Tuesday was trying to get in first place. If every person that bought here tells her neighbor of the VALUES we are giving, we don't know if we will be able to wait on the crowd by the end of a week. We take stock Feb. 1st. We can count cash quicker than goods. It's a UNEVEN SWAP for us, but we must have a clear desk on Feb. 1st. Cash, and only for cash, can you buy the goods we are offering in this sale.

MERZ BROS

Smallpox From Carelessness.

[Vanceburg Sun.]
After Geo. Bruce, who is an immune, had assisted in burying Dave Smith, who died of smallpox several weeks ago, he took off his clothing and left it with Ferguson Logan, who was the nurse in the case, to burn. The clothing struck Logan as being too good to burn, so he took it home with him and several days ago his daughter, Mrs. John Lewis, of Straight Fork, was taken ill, and when a doctor was called in he pronounced it smallpox. She is now in a very serious condition with little hopes of recovery. It promises to be expensive clothing in the long run for Logan.

Sulphur Cold and Grippe.

[George T. Angell.]
We have been assured by various people that sulphur worn in the stockings, or a small bag of it hung around the neck has been found to protect from colds and grippe.

Some years ago when the grippe was widely prevailing in Boston, we found that at Byams' match factory, where fifty girls and ten men were then employed, not one had the grippe. The bookkeeper employed there was the only one of a family of eleven who escaped the disease.

The venerable Dr. A. H. Wall attended the funeral of Mr. Jacob D. Riley yesterday. They were neighbors for many years.

If you want to purchase the purest and best goods on earth go to G. W. HERE'S A POINTER!

A Proposition to Farmers That Would Tickle the "Original Rib."

We are pleased to announce that notwithstanding the recent advance in wire goods, our prices on **AMERICAN FIELD FENCE** will remain the same for a **FEW DAYS**. A purchase of five car-loads late in the Fall enables us to continue the old quotations for a short time only. **PRICES ARE GOING HIGHER** and we would not be surprised at any time to receive advices of a further advance. Our present figures are much lower than we can promise to name a month hence and are subject to withdrawal without notice. Farmers would do well to anticipate future needs and buy while we are in position to make this offer.

THE FRANK OWENS HARDWARE COMPANY

"Belle of New York." The musical comedy event of the current season is announced to appear at Washington Opera House Friday, Jan. 30th, when "The Belle of New York" will play an engagement. The company to appear here is on its sixth tour of America. In many respects it is the best organization ever sent from the New York Casino, made up of a combination of the best from both the London and New York companies. Miss Floye Redledge is this season the demure and enticingly pretty Violet Gray, more popularly known as the "Salvation Army lassie." Ned Nye, a London comedian, will be seen as Ichabod Bronson. James Darling, actor and stage manager, remains in his great role as Kenneth Mugg. Harry A. Truax will appear as Harry Bronson. Miss Elizabeth Elliott is the Fifi Fricot. Max Bloom as the polite lunatic. Miss Charlotte Uart as Cora Angelique. Miss Toby Craig as the clever little Mamie Clancy. An engagement of particular interest is that of Joe Natus, long with the Hoyt & McKee forces, to play the comedy role of Blinky Bill.

This company is a first-class one, and is guaranteed by Russell, Dye and Frank to be one of the best of the season's offerings.

A Small-pox Cure.

A correspondent of the Liverpool Mercury writes: "I am willing to risk my reputation as a public man if the worst case of small-pox cannot be effectually cured in three days, simply by cream of tartar. This is the sure and never-failing remedy: One ounce of cream of tartar dissolved in a pint of boiling water, to be drunk when cold, at short intervals. It can be taken at any time, and is a preventative as well as a curative. It is known to have cured in thousands of cases without a failure. It never leaves a mark; never causes blindness and always prevents tedious lingering."

No Truth in the Report.

The report that Miss Ella Mae Bayne and myself are married is not true. And that "very much interested bus driver" had but little to do to start such a report, especially when he had no foundation for such, except that he saw us in Maysville together. The person that concocted such, for what reason I will not say, has gained neither friends nor thanks. Also, if the person that sent that article from Orangeburg to the paper would write only what they knew to be true it would show them to be more of a lady or gentleman. The vital cord of some communities would be instantly severed if you should stop its gossip.

GERMANTOWN, Jan. 22nd.—Most every one in this vicinity has put up fine ice.

Dr. Mahlon Pollock, of Murphysville, visited his mother one day last week.

Burdette Walton spent Sunday with Harry Smoot, who has been very sick at his home near Minerva, but is better.

Mrs. Henry Norris gave an elegant dinner on last Thursday to about twenty of her lady friends, in honor of her birthday.

Germantown can now boast of one literary society, a cooking club and an Epworth League.

Last Thursday about twenty young folks met at Miss Dora Renaker's and organized the "Smart Set Club." At 9 o'clock a delightful lunch was served, after which music, ping-pong and other games indulged in. Their motto, "Have a Good Time."

John R. Walton and Thomas Irvine will leave next Monday for the sunny clime of Redlands, Cal., with an eye to investing.

The Germantown Dramatic Club will soon favor us with one of their good plays.

We have a photograph gallery now, all on wheels. Come and have your picture "tuck."

C. O. Pickett, of Omaha, Neb., spent a few days last week with his cousin, Mrs. D. H. Lloyd.
